Landscape Advisory Committee (LAC) LANDSCAPE REVIEW REQUEST FORM

The Landscape areas outside buildings are Common Areas; these areas may often need improvement. *Before submitting a request, please inquire at Management as to when your Phase will undergo Landscape Renovation, it may already be scheduled for renovation.*

The LAC has determined it will be most beneficial to take advantage of Harvest's Landscape Design professionals in coordinating plantings surrounding each building. The best aesthetic will be achieved with a building-by-building design with plants appropriately placed for optimum exposure and irrigation needs. Please select below which applies to your unit:

1. After Building Renovation – Landscape Remediation Request: (Phase number: _____)

Options include the following:

- a. Clear debris and wait for shrubs to rejuvenate
- b. Pot placement maintained by the resident subject to Addendum C
- c. Installation of Agapanthus (or Contractor's choice)
- d. Early landscape renovations

1) *After Phase Landscape Renovation* – 1 year later review: (Phase number: _____)

2) *Anytime* – LAC review of potted plants/garden decorations (Addendum C, #12)

Requests for landscape renovation are submitted to the LAC, who will then call you to arrange an appointment. Please complete the fields below and submit to the Management office.

Note: Requests for landscape improvements are subject to approval. Owner agrees to pay costs for any irrigation changes and new plantings, if applicable.
