

## PET WASTE CONCERNS

Huntington Landmark Rules and Regulations state the following concerning pet waste:

***24.6 - Pet owners must pick up after their pets and droppings must be bagged and deposited in trash receptacles.***

***24.10 - Residents are responsible for pets belonging to guests and for any damage or injury they may cause to residents or Association property.***

Pet waste stations with disposable bags are provided throughout the community – please take the time to throw bagged waste into waste containers – **DO NOT LEAVE WASTE OR BAGS OF WASTE ON THE GROUND.**

Please be considerate of your neighbors and maintain the community aesthetic by cleaning up after your pet.

Thank you,

*Management*
